

SOLO

Handheld Thermometer

The Solo thermometer is a reliable, cost-effective and easy to use handheld thermometer. The device includes a food grade stainless steel fold out needle specifically designed for food service and food retail environments.

The Solo includes ThermaSprint Technology that delivers an impressive 3 second response time - up to 10 times faster than conventional digital measurements.

**MAINTAIN PRODUCT QUALITY

PROCESS MONITORING**

Product Features

- Clear temperature display on front of unit
- Splash-proof casing
- User selectable colour coding for different risk types e.g. vegetables – green, raw meat – red.
- Cook/Chill/Frozen indication
- Food grade stainless steel needle
- Low battery indication
- User replaceable batteries
- High accuracy
- 0.1°C Resolution

Changeable food identification colour codes

SPECIFICATIONS

Instrument:

Dimensions:	160 x 50 x 30mm
Weight:	135 grams
Power Supply:	2x AA Batteries

Environmental:

Ambient operating range:	-30 to +50°C
Storage Temperature Range:	-40°C to +50°C
Humidity range:	0 to 70% RH

Sensor

Measurement range:	-50°C to +250°C
Temperature Scales:	°C
Accuracy @23°C:	±0.5°C
Resolution:	0.1°C

Includes *ThermaSprint* technology.
